

**Islamic Studies Department**  
**Final Term Faculty Evaluation**  
**Undergraduate Courses**  
**FALL 2023**

Date: 05-04-2024

Chairperson Islamic Studies

Subject: **Final Term Faculty Evaluation Report – FALL 2023**

1. The Directorate of QA&C conducts online Final-Term Faculty's Evaluation Survey in each semester to evaluate faculty members and lab engineers of all the departments and score them accordingly.
2. The faculty evaluation of Undergraduate Programs for FALL Semester 2023 has been completed. The report along with analysis and recommendations has been approved by the Vice Chancellor.
3. The report of your department consists of the following information.
  - a. Analysis and Major Concerns of Students.
  - b. General Recommendations by the Directorate of QA&C.
  - c. Overall Department's Faculty Evaluation.
  - d. Individual faculty members' evaluation.
  - e. Students' comment (semester wise).
2. It is therefore requested that kindly examine the reports and take appropriate action and submit the compliance report to the Directorate of QA&C to complete the CQI cycle.

**(Prof. Dr. Tahir Nadeem Malik)**

Director QA&C

# Analysis

S. No	Dept.	Sem.	Theory Course	Lab Course	Analysis
<b>3</b>	<b>Islamic Studies</b>	<b>1st</b>	3	0	<b>3.00 - 3.49 = 0 FM = 0%</b>
		<b>3rd</b>	6	0	<b>3.50 - 3.99 = 1 FM = 2%</b>
		<b>5th</b>	6	0	<b>4.00 - 4.49 = 29 FM = 47%</b>
		<b>7th</b>	5	0	<b>4.50 - 5.00 = 32 FM = 52%</b>
		<b>Other Dept.</b>	42	0	
		<b>Total</b>	62		
		<b>Major Concerns of Students:</b>			
<b>1. Lack of internet access throughout the department.</b>					

## General Recommendations

The primary objective of conducting teacher evaluations by students in each semester is to address the student concerns effectively, recognizing students as representatives of the university. The feedback provided by the students plays a crucial role in maintaining the quality of education and positive reputation of the University. The observations and comments gathered from students during the current semester, Fall 2023, closely resemble those from the previous two semesters, Spring 2023 and Fall 2022. At the end of every semester, comprehensive reports along with analysis of the preceding semester were sent to the Chairperson of all the departments. They are requested to submit a Compliance Report within 15 days after thoroughly reviewing the evaluation reports and student's feedback. The compliance profile of the previous semester is enclosed as Annex-I.

Recommendations of The Directorate of QA&C for the semester Spring 2023 are given below:

- 1.** Chairpersons are encouraged to improve communication with students, addressing the concerns they've raised in teacher feedback surveys, and strive to instill confidence by transparently discussing the actions taken, whenever feasible.
- 2.** The Manager IT should give serious attention to students' concerns regarding internet connectivity and address them to the fullest extent possible, with approval from the competent authority. These issues have been persistently raised by students for the past two years. Furthermore, it is requested that the competent authority instruct the IT manager to submit a compliance report to the Directorate of QA&C for the completion of the CQI cycle.
- 3.** Chairpersons are kindly requested to submit the compliance report for the Fall 2023 semester, as well as the previous semester, Spring 2023, to the Directorate of QA&C within 15 days. This submission should follow a thorough analysis of the evaluation reports and student comments from both Spring 2023 and the current semester.

# Overall Faculty Evaluation – ISD

S. No.	Name	Subject	Program	Class	Study in Next Semester	Evaluation
1	Jaffar Nazir	Pakistan Studies	ISD (MED)	1st	4.89	4.89

**Mathematics Department**  
**Final Term Faculty Evaluation**  
**Undergraduate Courses**  
**FALL 2023**

Date: 05-04-2024

Chairperson Mathematics Department

Subject: **Final Term Faculty Evaluation Report – FALL 2023**

1. The Directorate of QA&C conducts online Final-Term Faculty's Evaluation Survey in each semester to evaluate faculty members and lab engineers of all the departments and score them accordingly.
2. The faculty evaluation of Undergraduate Programs for FALL Semester 2023 has been completed. The report along with analysis and recommendations has been approved by the Vice Chancellor.
3. The report of your department consists of the following information.
  - a. Analysis and Major Concerns of Students.
  - b. General Recommendations by the Directorate of QA&C.
  - c. Overall Department's Faculty Evaluation.
  - d. Individual faculty members' evaluation.
  - e. Students' comment (semester wise).
2. It is therefore requested that kindly examine the reports and take appropriate action and submit the compliance report to the Directorate of QA&C to complete the CQI cycle.

**(Prof. Dr. Tahir Nadeem Malik)**

Director QA&C

# Analysis

S. No.	Dept.	Sem.	Theory Course	Lab Course	Analysis
<b>1</b>	<b>Mathematics</b>	3rd	5	0	3.00 - 3.49 = 0 FM = 0%
		5th	6	0	3.50 - 3.99 = 2 FM = 5%
		7th	5	0	4.00 - 4.49 = 26 FM = 65%
		Other Dept.	24	0	4.50 - 5.00 = 12 FM = 30%
		Total	40		

## General Recommendations

The primary objective of conducting teacher evaluations by students in each semester is to address the student concerns effectively, recognizing students as representatives of the university. The feedback provided by the students plays a crucial role in maintaining the quality of education and positive reputation of the University. The observations and comments gathered from students during the current semester, Fall 2023, closely resemble those from the previous two semesters, Spring 2023 and Fall 2022. At the end of every semester, comprehensive reports along with analysis of the preceding semester were sent to the Chairperson of all the departments. They are requested to submit a Compliance Report within 15 days after thoroughly reviewing the evaluation reports and student's feedback. The compliance profile of the previous semester is enclosed as Annex-I.

Recommendations of The Directorate of QA&C for the semester Spring 2023 are given below:

- 1.** Chairpersons are encouraged to improve communication with students, addressing the concerns they've raised in teacher feedback surveys, and strive to instill confidence by transparently discussing the actions taken, whenever feasible.
- 2.** The Manager IT should give serious attention to students' concerns regarding internet connectivity and address them to the fullest extent possible, with approval from the competent authority. These issues have been persistently raised by students for the past two years. Furthermore, it is requested that the competent authority instruct the IT manager to submit a compliance report to the Directorate of QA&C for the completion of the CQI cycle.
- 3.** Chairpersons are kindly requested to submit the compliance report for the Fall 2023 semester, as well as the previous semester, Spring 2023, to the Directorate of QA&C within 15 days. This submission should follow a thorough analysis of the evaluation reports and student comments from both Spring 2023 and the current semester.

<b>MATHEMATICS DEPARTMENT</b>
<b>STUDENT'S COMMENTS - FALL 2023</b>
<b>3rd Semester</b>
The lights in the classroom should be replaced by new ones because they have dim lights which makes difficulty for me to work
<b>5th Semester</b>
Annual exams should have holidays without holiday we cannot revise all syllabus of final term

**Management Sciences  
Department  
Final Term Faculty Evaluation  
Undergraduate Courses  
FALL 2023**

Date: 05-04-2024

Chairperson Management Sciences Department

Subject: **Final Term Faculty Evaluation Report – FALL 2023**

1. The Directorate of QA&C conducts online Final-Term Faculty's Evaluation Survey in each semester to evaluate faculty members and lab engineers of all the departments and score them accordingly.
2. The faculty evaluation of Undergraduate Programs for FALL Semester 2023 has been completed. The report along with analysis and recommendations has been approved by the Vice Chancellor.
3. The report of your department consists of the following information.
  - a. Analysis and Major Concerns of Students.
  - b. General Recommendations by the Directorate of QA&C.
  - c. Overall Department's Faculty Evaluation.
  - d. Individual faculty members' evaluation.
  - e. Students' comment (semester wise).
2. It is therefore requested that kindly examine the reports and take appropriate action and submit the compliance report to the Directorate of QA&C to complete the CQI cycle.

**(Prof. Dr. Tahir Nadeem Malik)**

Director QA&C

# Analysis

S. No.	Dept.	Sem.	Theory Course	Lab Course	Analysis		
1	Management Science	1st	4	0	3.00 - 3.49 = 0 FM = 0%		
		2nd	5	0	3.50 - 3.99 = 0 FM = 0%		
		3rd	6	0	4.00 - 4.49 = 15 FM = 41%		
		4th	6	0	4.50 - 5.00 = 22 FM = 59%		
		5th	7	0			
		7th	8	0			
		Other Dept.	1	0			
		Total	37				
		<b>Major Concerns of Students:</b>					
		1. Lack of internet access throughout the department.					
2. Unavailability of Corporate Finance teacher for 8 weeks due to which students are unable to understand the course.							
3. Coordinator doesn't cooperate with students.							

## General Recommendations

The primary objective of conducting teacher evaluations by students in each semester is to address the student concerns effectively, recognizing students as representatives of the university. The feedback provided by the students plays a crucial role in maintaining the quality of education and positive reputation of the University. The observations and comments gathered from students during the current semester, Fall 2023, closely resemble those from the previous two semesters, Spring 2023 and Fall 2022. At the end of every semester, comprehensive reports along with analysis of the preceding semester were sent to the Chairperson of all the departments. They are requested to submit a Compliance Report within 15 days after thoroughly reviewing the evaluation reports and student's feedback. The compliance profile of the previous semester is enclosed as Annex-I.

Recommendations of The Directorate of QA&C for the semester Spring 2023 are given below:

1. Chairpersons are encouraged to improve communication with students, addressing the concerns they've raised in teacher feedback surveys, and strive to instill confidence by transparently discussing the actions taken, whenever feasible.
2. The Manager IT should give serious attention to students' concerns regarding internet connectivity and address them to the fullest extent possible, with approval from the competent authority. These issues have been persistently raised by students for the past two years. Furthermore, it is requested that the competent authority instruct the IT manager to submit a compliance report to the Directorate of QA&C for the completion of the CQI cycle.

**3.** Chairpersons are kindly requested to submit the compliance report for the Fall 2023 semester, as well as the previous semester, Spring 2023, to the Directorate of QA&C within 15 days. This submission should follow a thorough analysis of the evaluation reports and student comments from both Spring 2023 and the current semester.

**DIRECTORATE OF QUALITY ASSURANCE AND COLLABORATIONS**

**DEPARTMENT OF MANAGEMENT SCIENCES**

**STUDENT'S COMMENTS - FALL 2023**

**BBA & BSAF - 1st Semester**

Hadn't received the students google ID till today,  
There was a lot of confusion during class arrangements in beginning,  
Class LCD hasn't worked since day 1,  
Lecture time table have changed too many times,  
Official notices don't arrive on time in official WhatsApp group, mostly receive it from seniors, it arrives the next day

No internet for student in BBA department

Our LED at msd 7 doesn't work, kindly fix that because we're always in the search of empty classroom with working LEDs to take our lectures.

Poor management

Wi-Fi problems

Poor management and screen doesn't work (LCD)

**BBA & BSAF - 2nd Semester**

No I am satisfied by each and everything.

Yes, I am facing a lot of problems from some teachers actually our course is in English and they speak and explains in Urdu which is a little harder for me and some teachers really do strict marking. I want to make a request that if some students are writing in their own words they should be given some bonus marks instead of those students who are doing Ratta which makes us demotivated.

LEDs are not working properly.

**BBA & BSAF - 3rd Semester**

Non serious attitude of teacher

The teacher's behavior is so childish. They even don't know how to handle youngsters. Some teachers don't know how to teach. Their teaching method is highly unsatisfied...this semester is going very bad due to teachers behavior.

Nothing special but Wi-Fi speed is slow

The teacher's should take class on time and make strategies for the betterment of students.

**BBA - 4th Semester**

Coordinator don't coordinate at all.

Coordinator do not coordinate.

**BBA & BSAF - 5th Semester**

Practical study of course is not done

Teacher changing many times

Internet speed, teachers replacement

Internet issue some times which may be solved.

Inverter doesn't works properly

I think we should be getting labs to have more of a practical approach.

**7th Semester**

**Finance**

Coordinator Talha does not cooperate and doesn't even bother.

Major problem we face from the start of the semester that we are the ones who want to specialize in Finance but till Mids we don't have a finance teacher.  
This is the biggest failure of Management.  
poor management of management sciences dept.

There are many other problems we faced during this semester are:

1. The first and major problem that we faced was unavailability of teacher for corporate finance, we are doing specialization and no specific teacher was allocated till 8 weeks.
2. No assignments and quizzes are taken on time and in result it will become burden on us at the end.

**HR**

Our teacher changed in mid of semester so The teacher who make the paper his duty to check the paper also , not other teacher checked that paper .

There is an Internet issue in our department. From the very start of the semester we as students are asking for Internet as every other department in our university has provided with it but unfortunately we are not getting any sort of facility like this. Secondly there is a high need for an industrial trip so we can link our knowledge with practical application.

Don't have Wi-Fi

**Marketing**

No practical work.

Teachers can do favoritism to their favorite students they gave extra marks to their favorites students and average students GPA let down

That's unfair

Every student gain marks according to their hardworking not favoritism

And kindly change our coordinator sir

They will not cooperate with us.

Our coordinator does not coordinate properly, he does not even talk appropriately.

No Wi-Fi in the department and if somehow there is it's too slow.

We faced problems with our coordinator he is very rude and very non co-operative.
